PUBLIC SCHOOL IN DUBLIN

MISSION

SETSS opened its doors in September 2016 under the patronage of Educate Together. The culture of the school is based on four core principles; it is co-educational, equality-based, democratic and student-centred. SETSS is committed to achieving the highest standards possible as we aim to ensure that every student reaches their full potential. Adopting a 21st Century learning approach, we strive to provide an environment where students develop not only in their academic ability but also their life skills enabling them to apply critical thinking, entrepreneurial, innovative and creative skills for preparation in their future as well as prioritising wellbeing and active citizenship. 'Kindness and Respect'

HIGH SCHOOL PROGRAMME

Broad range of subjects offered

Maths, Irish, English, Modern Languages; French & Spanish, Ethical Education, Physical Education, SPHE, CSPE, Science, History, Geography, Business, Music, Art, Home Economics, Technology, Technical Graphics, Chinese, Digital Literacy, Coding, Classical Studies, Mindfulness

TRANSITION YEAR

Transition Year is a one-year school-based programme, designed to act as a bridge between Junior and Senior Cycle. The Transition Year programme is designed to facilitate the smooth transition from the dependent learning of the Junior Cycle to the more independent self-directed learning of the Senior Cycle. The programme offers students the space to mature and promotes increased social awareness and social competence. The TY programme provides a broad variety of learning experiences both inside and outside the classroom.

SENIOR CYCLE

Subjects:
English, Maths, Ethical Education, Business, Art, Home Economics, Biology, Physics, Chemistry, Construction Studies, History, Geography, Classical Studies, Physical Education (Exam), Computer Science, French, Spanish
