MOATE COMMUNITY SCHOOL

COUNTY WESTMEATH

HISTORY

Moate Community School provides a secure environment for learning and teaching which is conducive to the holistic development of the whole school community. The ambience is open, supportive and welcoming, where students, teachers and support staff feel a sense of belonging, and parents are active partners in the education of their children.

NON ACADEMIC ACTIVITIES

All students are encouraged to become involved in Extra Curricular Activities. The school believes that Extra Curricular Activities play an important part in the holistic development of young people. Parents should encourage their son/daughter as much as possible but should also be conscious that all work missed is caught up on so that the academic achievements of the student is not affected in any way.

As well as physical fitness, the principle value sought through team sports is a sense of enjoyment through team participation.

CLUBS

Debating, Irish Debating, Public Speaking, Salsa/Dance, Computer Club, Spanish Club, Music/Drama, Retreats, Tours, Exchanges, Gaisce.

ACADEMIC PROGRAMME

JUNIOR CYCLE

Subjects:

Irish, English, Mathematics, PE, History, Geography, Religion, SPHE, CSPE, Science, Business Studies and French/German; Woodwork, Metalwork, Technical Graphics, Art, Music and Home Economics.

TRANSITION YEAR

Transition Year is a one-year school-based programme, designed to act as a bridge between Junior and Senior Cycle. The Transition Year programme is designed to facilitate the smooth transition from the dependent learning of the Junior Cycle to the more independent self-directed learning of the Senior Cycle. The programme offers students the space to mature and promotes increased social awareness.

SENIOR CYCLE

Subjects:

Irish, English, Mathematics, Religious Education, Careers Guidance, Computer Studies/ECDL, S.P.H.E. Spanish or French, Geography, Chemistry, Construction Studies, Business, Art, Home Economics, Agricultural Science, Biology, DCG, Music, Home Economics, Physics, Biology, Accounting, Geography, Engineering.
