# HISTORY

---

Mohill Community College is a co-educational school formed as a result of the amalgamation of Marian College (1949 – 2008) and Mohill Vocational School (1932 – 2008). Both schools have a long tradition of excellence in the provision of education which carries forward into the new Community College. Mohill Community College commits itself to creating an inclusive, caring and disciplined environment, promoting a respect for diversity of culture and fostering a spirit of mutual respect among students and staff. The College, in partnership with Parents/Guardians and the wider community, will challenge its students to pursue excellence, enjoy learning and to achieve their full potential as individuals and citizens.

Mohill Community College

# FACILITIES

---

# NON ACADEMIC ACTIVITIES

---

**All students are encouraged to become involved in Extra Curricular Activities. The school believes that Extra Curricular Activities play an important part in the holistic development of young people. Parents should encourage their son/daughter as much as possible but should also be conscious that all work missed is caught up on so that the academic achievements of the student is not affected in any way.**

**The school has a variety of Extra-Curricular Opportunities and Extensive Sporting Activities**

# ACADEMIC PROGRAMME

---

## JUNIOR CYCLE

Subjects:

Irish, English, Maths, French, Science, History, Geography, Computer Studies, SPHE, CSPE, PE and Religion. They also choose options from Business Studies, Art, French, German, Metalwork, Home Economics, Materials Technology (Wood) and Technical Graphics

## TRANSITION YEAR

Transition Year is a one-year school-based programme, designed to act as a bridge between Junior and Senior Cycle. The Transition Year programme is designed to facilitate the smooth transition from the dependent learning of the Junior Cycle to the more independent self-directed learning of the Senior Cycle. The programme offers students the space to mature and promotes increased social awareness.

## SENIOR CYCLE

Subjects:

Religious Education, Irish, English, Mathematics, Physical Education, Optional subjects: History, Geography, Biology, Agricultural Science, Chemistry, Business, Accounting, French, German, Art, Engineering, Home Economics, Architectural, Technology (Wood), Design & Communications Graphics
